

UNLIMITED Summer Golf Pass

Enjoy golf from May to September
for only \$100

Cost: \$100 (+tax); available for purchase in-store. Junior passes (17 & under) are available for \$60.

Timing: May 2020 through September 2020

How It Works: Purchase your UNLIMITED Golf Pass at BackSpin and you can play unlimited golf from May through the end of September by showing your pass each time you visit BackSpin (up to two hours per day). That's it! You can book tee times online, stop in for a quick afternoon practice session or enjoy a fun date night.

How does it work for groups? Each UNLIMITED Golf Pass is specified to the individual and does not cover the entire group. For example, if you have an UNLIMITED Golf Pass and your golfing partner does not, there is no charge for your golf and your golf partner will pay a pro-rated amount (e.g. half of standard rate in this 2-person example).

Do I have to book my tee time differently? No, as always, we encourage you to book your tee time online.

Is there any purchase necessary when using my UNLIMITED Golf Pass? No, but you'll probably want to enjoy a cold beer!

Are there any restrictions? The UNLIMITED Golf Pass can be applied for up to two hours each day. It is valid any day of the week, including weekends. Please note BackSpin's summer hours below.

If I purchase my UNLIMITED Golf Pass mid-way through summer, is the cost reduced? No, \$100 for unlimited golf is already a fantastic deal!
